SRI VENKATESWARA VETERINARY UNIVERSITY, TIRUPATI

From the Desk of Hon'ble Vice-Chancellor

WAY FORWARD/ SUSTAINABLE APPROACHES

It gives me immense pleasure to share the latest edition of our SV Veterinary University Newsletter, highlighting the dynamic academic and extracurricular activities of the third quarter of 2024-25. This period has been marked by significant achievements, reflecting our collective dedication towards excellence.

I am glad to inform that the XVII State Level Technical Programme meeting was held on 22nd October, 2024. All the University Officers participated and suggested measures for improving the research institutions for the year 2024-25.

I am also happy to note that the University hosted two prestigious National Conferences during the period under report namely, as National Level Conference of Society for Veterinary Sciences and Biotechnology (SVSBT) on "Biotechnological Innovations to Augment Health and Productivity of Livestock and Poultry for Sustainable Livelihood" and Annual Post Graduate Students National Conference on "Milestones in Veterinary Research and their Apps for Improvement of Animal Health and Production". I applaud the efforts of organizing secretaries and faculty of College of Veterinary Science, Proddatur and Tirupati for successfully organizing these conferences.

Our commitment to community outreach was exemplified through various entrepreneurial and skill development training programmes, as well as NABARD-sponsored Micro Enterprise Development Programme (MEDP) for farmers, SHG women and unemployed youth organized by CCVEC, Tirupati and KVK, Lam. I appreciate the efforts of CCVEC and KVK staff for successfully organizing trainings to improve the skills and scientific knowledge in veterinary science.

I also appreciate the training programmes organized by colleges and institutions of the university for the benefit of farmers as well as for students under SC sub-plan to help the youth for develop as entrepreneurs.

It gives me immense pleasure to observe the efforts of NCC and NSS Units of different colleges of the university in successfully conducting our heritage and cultural events with great enthusiasm, fostering a sense of unity and pride among us all.

I congratulate all the faculty members and students who received national and state-level awards during the reporting period for their contributions to veterinary and dairy science and for bringing laurels to the university.

I am sure that the cooperation, dedication and hard work of every university employee will play a vital role in the smooth running of the university. I look forward to work as a team member with all the students, faculty and staff members to take this university to new heights. I wish the readers a brighter future.
