INVITATION

It gives us immense pleasure in extending you a cordial invitation to participate in the National Conference on "Issues and Strategies for Physiological Capacity Building in Animals" and 2nd annual meeting of Animal Physiologist Association (APACON-2019) scheduled to be held at College of Veterinary Science, Sri Venkateswara Veterinary University Tirupati during 14th to 15th October, 2019. Ensuring food and nutrition security is the great task of for animal scientists and at this juncture physiological capacity building of animals becomes critical, which can be achieved through designing suitable innovative strategies in consultation with lead researchers/ eminent workers/ younger brilliant minds. The aim of this conference is to provide a platform for coordination and exchange of knowledge amongst various stake holders, i.e., Scientists, Academicians, Assisted Reproductive Specialists, Embryologists, Veterinarians, Social Scientists, Demographers, Policy Makers etc. to address priority issues and design some strategies. The National conference would review the advances made in the area of animal health and production, identify new challenges to be met and frame appropriate strategies for ensuring improved animal health and production, so that the national goals of food security could be achieved. The conference will bring together Scientists and Policy Makers from Academic Institutions, Universities to discuss and exchange valuable views in all spheres related to animal health and production. The topics to be discussed in the conference are, therefore, broad and relevant to the theme. On behalf of the Organizing Committee APACON2019, we extend a warm and cordial invitation to you to participate in this unique National Conference at this holy place of Tirupati and look forward receiving your prompt and positive response to our invitation.
